My best catch for two days of metal detecting at the beach with a result of 23 rings and more than 80 coins. This ring alone pays for the cost of CTX 3030.

我最大的一次收获是在海滩上进行为期2天的金属探测，结果找到23枚戒指和80多枚硬币。仅这些戒指就足以收回CTX 3030的成本。

One of our villagers came home with a GO-FIND. We had a good beep which should be a good target to dig, and out came this old Chinese coin from during the reign of Emperor Shunzhi (1644-1661).
